

THE GUARDIAN P. 7  
Turkish navy to visit Cyprus

TURKISH navy vessels are to visit northern Cyprus this week as part of a wide-ranging show of solidarity with the breakaway Turkish Cypriot state, General Ismail Hakki Karadayi, Turkey's military chief, said yesterday.

Turkey has promised closer military and political links with the Turkish Cypriots in response to Greek Cypriot plans to install anti-aircraft missiles in the south. — *Reuter, Ankara.*
