PERSPECTIVE"

- A workshop on current issues relevant to Greek public  
enterprises and organisations -

O U T L I N E

1. The role and significance of public enterprises
  - 1.1 Similar scenarios, differing views: emergence of global issues, persistence of a fractured debate
  - 1.2 Rethinking the role of the public sector: the ghost of divestment
  - 1.3 Rethinking the institutional arrangements for government direction, control and evaluation
  - 1.4 "Micro-cases"
2. Public enterprise reform
  - 2.1 Institutional aspects
  - 2.2 Improving managerial performance and control
  - 2.3 Modalities of intervention: "micro-cases" on recent efforts (with and without UN participation) relevant to the Greek case
3. Emerging trends. Possibilities of cooperation.
